Included in your TaxEd membership:

Monthly Tax Update*

The Monthly Tax Update is an e-newsletter dealing with current Government and NFP tax related issues, including commentary on Government, ATO and ACNC announcements and relevant cases, etc. It also includes a selection of the best Q&As asked by TaxEd members.

The update is emailed directly to nominated staff members and archived in your Member Portal for future reference.

Tax Q&A

As a member you are able to ask questions on the modules you have chosen. You simply lodge your questions via the Member Portal. A written response to your question will be sent to you via email. This will also be archived to your Member Portal, building a specific knowledge base for your organisation. Most questions are answered within 24 hours (but may take up to 72 hours depending on complexity and workload). Where relevant, legislation, cases, rulings, ATO IDs and Practice Statements are referenced. Please note - responses do not constitute advice.

I need to know NOW

Need an instant answer? Employing a special Google interface built for TaxEd you can instantly search the TaxEd, ATO Legal and ComLaw databases. This is a brilliant time saver and is only available in the Member Portal via your member login.

**11 monthly Updates/Webinars (excludes January)*

Federal Budget Summary
